### VARIOUS QUACKS

Who, Each With His Own Pet

Scheme, Cultivate the Field  
of Human Nature.

There have always been quacks—legal quacks, theological quacks and medical quacks. Some of them are blind, oily fellows who argue and smile the world into believing in their favorite bit of humbug. Others are pompous and pretentious parasites. But they make it pay. Men seem to love to be swindled, stipulating only that it shall be done.

The dear people are equally liberal to the electric and magnetic fraud. The fellow is a genius in his line. He will put a magnetic belt around your waist, a magnetic necklace under your chin, or fit you out with an entire suit of magnetic clothes, warranted to serve the purpose of ordinary garments, and at the same time to cure all diseases, from whooping-cough to hasty consumption.

Most of them have no more electric or magnetic power about them than resides in woolen blankets or girdles of sackcloth. Only when applied by an expert is electricity of the slightest use as a medicinal agent, and even then its value is greatly over-estimated. What is the strongest possible presumptive evidence in favor of a particular remedy? Clearly that it should have been prepared by responsible persons of acknowledged skill in the treatment of disease.

Squarely on this foundation stands BENSON'S CAPSICUM POROUS PLASTER. Endorsed by 500 physicians, pharmacists, druggists, it is the one and only true and tried external application. Quacks of all kinds pay the Capsicum the compliment of their dislike, as Benson aids to hate the holy water.

Look in the middle of the plaster for the word "CAPSICUM." Price 25 cents. Seabury & Johnson, Chemists, New York.

Indigestion, dyspepsia, heart-burn, nausea, etc., cured by using Brown's Iron Bitters.

The new Sequel Canyon petroleum district, Los Angeles county, is being opened up.

It is anticipated that work will be commenced on the Salt Lake & Western road in a few weeks, and that it will be pushed through with great vigor to San Francisco.

Davis, the Lompoc liquor seller whose saloon was destroyed by a mob, has left that place. He got drunk and had a vision of a rope, which was the cause of his departure.

From present indications the hop crop of Western Washington Territory will be enormous this year. The season is very forward, and picking will commence three weeks earlier than usual.

Thomas Brewer, Sr., a pioneer resident of Sutter county, died at Wheatland on Tuesday last at the age of 72 years. He was a prominent witness in the late trial of Charles Thorn, convicted at Nevada City for the murder of Cummings.

Joseph J. Brown arrived at Portland Monday evening, via the Northern Pacific Railroad, on the first through ticket from St. Paul. He was eleven days on the way, because he laid over one day and did not travel nights on the stage route over the uncompleted portion of the road.

The Bay Conference, consisting of delegates from the Congressional churches in counties bordering on and adjacent to the bay, assembled in the Congregational church at Sonoma, Monday evening. About 40 delegates were present. The opening sermon was preached by Rev. George Moor, D. D., a Professor in the Pacific Theological Seminary, Oakland.

Thomas Belknap, for the past 20 years a resident of Tucson, was on Sunday shot and mortally wounded. He went to Greaterville a mining camp, to pay off some Mexicans working on his claims. Toward evening they got to drinking and shooting. One ball, striking the roof of the house in which Belknap was, went out, when he was struck in the right groin by a musket ball.

A company called the Utah Eastern was formed in Salt Lake City Monday for the purpose of building a narrow gauge railroad from Salt Lake to Park City, a distance of 30 miles. This road is to be in operation in 90 days, and will open a great coal and mineral country tributary to Salt Lake.

The four Umatilla Indians found guilty of manslaughter in the United States Court at Portland, for killing Mulhorrin, a trapper, were sentenced to 10 years each in the penitentiary. The sentence was delivered in the Chinook jargon and was thoroughly understood by the prisoners, but was received by them with stolidity.

Dr. Pierce's "Favorite Prescription" is the debilitated woman's best restorative tonic.

Deservingly Popular.  
Unless it had great merit Parker's Ginger Tonic could not be so popular. Its sale has spread remarkably everywhere, because it invigorates and gives them new life and vigor when other medicines fail entirely.—Ohio Farmer. 18m1m

health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of BROWN'S IRON BITTERS, and taking it regularly according to directions.

Mansfield, Ohio, Nov. 26, 1882.

Gentlemen:—I have suffered with pain in my side and back, and great nervousness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters; I have now taken one bottle and a half and am about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. It can justly be called the King of medicines.

JOHN K. ALLENDER.

BROWN'S IRON BITTERS is composed of Iron in soluble form; Cinchona the great tonic, together with other standard remedies, making a remarkable non-alcoholic tonic, which will cure Dyspepsia, Indigestion, Malaria, Weakness, and relieve all Lung and Kidney diseases.

## PERSONALS.

Theodore Winters is in town today.

Governor Adams has returned to Carson.

B. F. Leete has gone to Elko on a business trip.

J. D. Byers took Meyler's stage for Lassen today.

C. W. Wright is in from St. Clair, Churchill county.

T. T. Tulloch of Bismarck, Mo., is registered at the Palace.

Senator J. P. Jones is at the Palace Hotel, San Francisco.

C. W. Verplank, a merchant of Stillwater, arrived over night in Reno.

L. W. Blakesley, proprietor of the Humboldt House, was on the morning train.

J. R. Watson, Benj. Welch and other C. P. railroad men will visit Reno next Thursday.

The Freeman brothers of Sierra valley, stock men, were registered at the Golden Eagle last night.

Mrs. Smith, mother of Mrs. Nathan of Susanville, was a passenger on the northern stage today.

Jasper Daniel of Mason Valley, having spent a day in Reno, took the southern train for home today.

Among the freighters in from Honey Lake last evening were Jerry Bond, F. Hostetter and Ed. Haley.

Hill & Harris have retired from the management of the Carson Index, and Marshall Robinson again assumes control.

Mrs. John Cahlan of Susanville, who has been paying a visit to her Reno friends, with Miss Josie Barnes, left here for Susanville today.

Hon. J. D. Goodwin of Quincy, homeward bound from attendance on the California Supreme Court, was a passenger on Meyler's stage for home today.

E. V. Spencer, having been in attendance at the California Supreme Court, came up this morning, and will, with his family, leave for their home in Susanville tomorrow morning.

M. Raphael, the expectant millionaire of Downeyville, Nye county, is in town. Extensive smelting works will be erected soon, when a considerable output of bullion may be looked for.

Mrs. Al. White left Reno last Thursday morning, and yesterday morning Mr. White received a dispatch from Louisville, Kentucky, that she had arrived there safe and sound. It was a very quick trip.

Dr. Hogan returned from Loyalton, Sierra county, this morning at 2 o'clock, having rode 100 miles and visited patients in 28 hours. He found D. M. Gloster's son very ill, and does not have any strong hopes of his recovery.

Judge Rising has cleared the District Court docket of all the old business that had accumulated during the better part of Judge King's term, and disposed of several cases for Judge Boardman, and gone home. Judge Rising has spent nearly two weeks in Reno and has made many warm friends. As a presiding judicial officer he has no superior and few equals.

Geo. F. Parsons, who was local editor of the San Francisco Examiner years ago, afterwards editor of the San Francisco Times (which in its day was the best paper on the coast), and for 13 years editor of the Sacramento Record and Record-Union, went east this morning, accompanied by his wife. He will locate in New York, where his profile pen will add to his present reputation as a journalist.

The best cure for diseases of the nervous brain and muscles, is Brown's Iron Bitters.

## An Important Suit.

W. E. F. Deal and General R. M. Clarke left this morning for Winnemucca, where they have been engaged as counsel in the case of C. Kemler vs. the Bullion Mining Company of Paradise Valley. Kemler sues Harlow, a Bullion stockholder, for \$100,000 for profits accrued while Harlow was working the mine, and for alleged improper management of the business of the company. Gen. Clarke appears for Harlow and Deal for Kemler.

## A Deserter's Choice.

Sergeant Fishman, from the Angel Island garrison in San Francisco harbor, passed west last night with William Bredon, an army deserter who voluntarily surrendered himself to a Deputy Sheriff at Elko, preferring to submit to punishment as a deserter than to rough it in the wilderness on short rations.

Arrangements to be made for an Inter-State Shooting Match.

On Sunday next a committee of two members from each military company in the State will meet at the Adjutant General's office, says the Appeal, to make final arrangements for the inter-State rifle match to be shot in Carson during the summer.

The Plute State Fair at Walker Lake Reservation.

About 50 Indians came in from Austin and vicinity last night, on their way to the great re-union to come off at Walker Lake. They call it the Plute State Fair, and say nearly all the Indians of the tribe in Nevada will be present.

## SPIKES AND DELANO.

A Correspondent Who Reviews "Timid's" Communication Concerning the Tragedy.

LAKE CITY, May 20.

Editor Gazette:—In your issue of the 17th appears a communication from Cedarville, evidently written by some indignant citizen of that borough. The article referred to was written for the purpose of refuting "Swamper's" version of the Spikes and Delano affair. From the fact that all the statements of "Swamper" were based upon sworn testimony, the average granger of Lake City was very much surprised at the vagaries of the "Timid" scribe.

"Timid" says, "of course there has been a great deal said about this affair, as we are not so calloused and accustomed to the sacrifice of human life that we pass such things unnoticed." The candid admission above quoted was the fact upon which "Swamper" based the statement that "fears of violence are expressed by the timid." The fact is that one of the most reliable business men of Lake City (whose name and postoffice address "Timid" can have on application) visited "the law-abiding vicinity" of Cedarville on Sunday after the examination of Spikes and returned here Monday evening and states that threats of violence were expressed at Cedarville on the Sunday referred to. "Timid," after completing his defense of the "good people of Cedarville" against the imaginary charge of being quartz-hearted, bloody-minded and altogether quiet over the blood-letting, and after saying that his people are in favor of the law taking its course, goes on to give the "Timid" version of the tragedy blandly, and generously admitting at the outset that it is based on "the various accounts of the affair." Right here pardon me for expressing a longing desire for the photograph of this Cedarville vindicator. This wish arises from the fact that the great reading public has been long looking for the newspaper correspondent who could beat a Justice's Court and Coroner's inquest in arriving at the bottom facts of a homicide to which there were no witnesses but the accused party, by means of "the various accounts thereof." "Timid" says that about 14 months ago Spikes went on the land in question. This statement is absolutely false, as can be proven by the sworn affidavits of 20 of our most "calloused-hearted" advocates of "human sacrifices." But the most malicious lie of this vindicator is his statement that about 10 o'clock on the day of the killing defendant rode up to the house of deceased and they both departed for the fatal spot, and that was the last time Delano was seen alive. What were the advocates of violence doing that they let two opportunities pass unheeded? And as to the method of killing, theory of armshots, fatal wounds, powder-burns on the face of deceased, and marks of powder on the sagebrush, we submit that 12 disinterested jurors, assisted by a capable Justice, who closely examined all the witnesses who visited the scene of the shooting, would be as likely to elicit the true version of what was indicated by marks and footprints there, as your "Timid" correspondent could from the "various accounts of the affair." As to powder marks on the face of deceased, it is a falsehood.

## IT WOULDN'T WORK.

The Livingstons Lose Their Case Against the State.

Judge Edwards yesterday filed a decision in the case of Livingston vs. the State of Nevada. In 1875, says the Appeal, the State borrowed \$500,000 of the Livingston brothers. The bonds were to run eight years and one month at 9 1/2 per cent., and the State passed a law allowing the Commissioners to redeem the bonds before they were due, so that the State could realize 4 1/2 per cent. on the money invested. The interest was computed at 9 1/2 per cent. and added to the face of the bond and the whole amount discounted at 4 1/2 per cent. The bonds were then surrendered to the State and cancelled, and the Livingstons received for the money. When one of the Livingston brothers came back from Germany he brought with him a new method of computing interest, called the Hamburg method, in reality compound interest, which the law of Nevada forbids. The Livingstons then sued for \$16,000 and interest, amounting in all to \$24,000. The Court gave judgment for defendant, and taxed the plaintiff with the costs.

## Bedbugs, Beware.

A. H. Barnes yesterday received direct from the manufacturer (W. F. Brummer of Milwaukee) 50 pounds of insect powder and blowers enough to blow all the bedbugs out of the State of Nevada.

## Improved Considerably.

Senator P. N. Marker sat up yesterday for the first time since he was injured. It is to be hoped he will continue to improve until full health and vigor are restored to him.

## Cattle in Good Condition.

It is said that cattle on the ranges in the eastern part of the State are in better condition now than they were in July of last year.

## CAMP LIFE.

Hard Times for Loggers and How They Amuse Themselves.

CLINTON MILLS, May 22.

Editor Gazette:—I will briefly report the progress of the past three weeks. Few of your readers are aware of the hardships incident to camp life in the mountains at this season of the year, especially the present year. Phil. Bates commenced operations at the logging camp three weeks ago. During those three weeks we have had but three fair days—rain or snow, or both, the balance of the time; yet he has added to the force as opportunity would permit, and is now working 25 men. We have lost but two days during that time. We have changed camp, moving 12 buildings—many of them quite large—one mile and a half. The buildings were torn down and rebuilt, the men working much of the time almost without shelter at night. It requires some nerve to get up in the morning, break ice and wash without a fire and wipe on a barley sack.

We are cutting and sending down the company's railroad from 25,000 to 30,000 feet of logs per day. Our blacksmith shop and ox-barn are completed and we will start tomorrow with 20 horses and one six-yoke ox team getting logs to the railroad track. We have also taken up a branch track and relaid the road through a fine belt of timber. The road will be laid a mile and a half during the summer. During the stormy days profanity was profuse. The bull-puncher used very bad language to the oxen. The boys upon rising in the morning and finding a foot of snow covering the ground, and more coming, would invoke all kinds of left-handed blessings upon the weather, and if one of them accidentally dropped a crowbar upon his foot he would swear worse than many a Renote at having his Pedro caught or catching the black-jack.

But Summer is now here. The boys last Sunday felt somewhat plous, and decided to organize a Sunday school. We met at our new blacksmith shop, brother Brooks presiding. Our camp was canvassed, but no books were to be found—only a file of the GAZETTE and a few dime-novels, and we concluded to fall back on our memory. Brother Brooks opened the exercises by singing "Then gather your family around you Sunday morning." We fired him, and called upon the bull-puncher for prayer. He commenced, "The boy stood on the burning deck," but he got no farther and we think will not officiate at our next meeting.

## HOME FROM TEXAS.

A Well-Known Renote's Visit to the Lone Star State.

Gen. J. R. Kittrell returned home this morning from a visit to Texas, where he went to view the prospect, and comes back with the conviction that, while El Paso—his objective point in the Lone Star State—is a promising town and has a good future, it is not at present a more thriving place than Reno. El Paso, as yet, is nothing, he says, though substantial buildings are going up and it is apparently lively, but has to depend upon the outside country for all its life. When the mines in the surrounding country are developed, and reduction works erected, it may become a thrifty city. As for the farming land adjacent, the General says there is more good soil in one Washoe county farm than in all the land he saw about El Paso. He is well pleased with his visit, however, and returns invigorated for all the work that may be put upon him.

## A Valuable Discovery.

Mr. Homer, the manufacturer of Homer's Kidney and Liver Cure, is in Reno, having made an extensive trip, leaving Red Bluff about the first of May and crossing the mountains at the Hatch Creek Pass and coming in at Bieber, thence through Adin, Hayden Hill and Susanville to Reno. He says the cold weather has killed most of the crickets in Big valley and will leave a chance for good crops. Stock looks fine. He reports a good many fat cattle up there. He found everybody up north well pleased with his medicine, and took orders from Mr. Newhouse at Willow Creek, Wm. Brockman at Susanville, M. Steinberger at Willow Rancho, David Evans at Antelope, and others. It is found valuable for a distemper like whooping cough, which is afflicting the country from here to the Oregon line. The cure is for sale by Osburn & Shoemaker, Reno.

The Pincer Diggings Excitement in Northern Mexico.

The news from Guaymas is that the excitement in regard to the late discoveries of gold in Lower California has reached fever heat. The trains bring down crowds from Tombstone and Tucson. The steamer San Pueblo has been laid on at Guaymas and will start on or before the end of the week, fare \$16 to the embarcadero, which is 27 miles from the diggings. Several companies are forming in the interior. Should the present immigration continue the supplies will have to be drawn from the outside of Guaymas to meet the demand.

## CATTLE RANGES.

Stock Generally Improved in Grade and Price—The Shipping Season.

The Drover's Journal has received reports in detail from the surrounding regions of Colorado, Kansas, Texas, Nebraska, Idaho, Wyoming, Indian Territory, Montana and Nevada. The reports show range cattle business to be in a very thrifty condition. The percentage of loss in all the States and Territories ranges from 10 to 30 per cent., or a general average of three and one-third per cent. The greatest loss was reported by Idaho, Indian Territory and Kansas. Kansas is the only State that reports an increase in shipments of beves this season, but the general average is reported the same as in 1882.

The average condition of cattle on the range is reported by Kansas, Texas, and Indian Territory to be worse when compared with the corresponding period last year, but all other sections report an average or better condition of stock than last spring. Shipments of beves will commence about the same time on an average as in ordinary years. The shipping season in the southwest, however, will be about a month later than last year. There is an average increase of about 25 per cent. in the calf crop as compared with last year. Prices for cattle on the range show an average advance of \$6.80 a head higher than last year.

The most gratifying feature of the report is the average increase in the amount of improved bulls in use on the ranges. There are 10 per cent. more improved bulls in use than last Spring. Short-horns predominate, but there has been a much larger demand for Herefords than last year, and many speak in favor of Polled Angus. From reports received there is a growing tendency to put up hay for winter use.

Fencing is being done very extensively in the southwest, but it is not regarded with much favor in the northwest, where the ranges are mainly public. The losses during the winter have fallen chiefly upon old cows and heifers calving and upon young stock. Stock for range is reported entirely free from disease, save in a few cases of black leg, which is incident to over-fat-tening calves.

## JOTTINGS.

The warm weather brings out straw hats.

There is a dispatch at the telegraph office for A. Vanzandt.

The name of the man arrested for murder in Long Valley is Dinwiddie.

Though the water is ice-cold the boys have great times swimming above the dam.

Judge Rising today granted an injunction in the Boynton-Longley case in favor of plaintiff.

George Becker is having the Granite saloon fixed up and the billiard table overhauled and re-clothed.

A Lindley got in a beautiful show case yesterday. The frame is celluloid and it quite an ornament to his counter.

The town was unusually lively last night. A Milesian friend remarked that it was probably because Madame Gunnysack had come.

Four car-loads of horses for Uncle Sam's cavalry service, purchased at various points along the road by Lieut. Chamberlain, went west last night.

To show that Indians appreciate histrionic talent, it may be stated that two squaws purchased tickets to hear Janauschek's "Mary Stuart" last night.

A high-toned Chinaman went east this morning, occupying a whole state room in a sleeper. Judging by the length of his tail and the slowness of his legs he is a great dignitary.

Dusy, at Chase & Thyes, is again visited by the affliction that made Job so patient. He has another dose of bites which require attentive nursing. He and Thyes now have the times comparing sores.

A band of Chinese laborers came up from the C. & C. last night and went below. A Chinaman don't have many clothes, but when he travels he takes more boxes and bundles along than any old maid.

It costs something to run a stage. The line between Reno and Bidwell rolls up an expense of not less than \$100 per day. And yet there are lots of folks who think they ought to be hauled over the road for nothing.

Last night Tom Clark, the jolly engineer on the V. & T., picked up a quartette of little boot-blacks and took them into the Palace for a feed, which they tackled with an appetite that would have astonished an elephant in his hungriest mood.

A Chinaman drew a prize of \$1100 in the lottery in Chinatown a few days ago. It is not generally known that the Chinese carry on the lottery business regularly in Reno; but if a white man should start a similar scheme he would be arrested under the law relating to that branch of gambling.

All the hotels were full last night. The town seemed to have absorbed all the people of the surrounding country. The Palace, with its 60 rooms, had to turn away lodging-seekers, and the Golden Eagle was filled to the roof. The Lake House was also filled to repletion, and the Depot Hotel had its full complement. Reno seems to be the center of a live population.

## JANAUSCHKE.

Her Great Success Before a Large Reno Audience Last Night.

Janauschek, whose rank in the profession has long since won cordial recognition in both Europe and America, presented the beautiful drama of "Mary Stuart" at the Nevada Theater last evening. The Queen circle and gallery were crowded, and from the time the curtain rose to the end of the last act the large audience was held entranced. In the second act, where the unhappy Mary is subjected to the insults and taunts of Elizabeth, the cold-blooded Queen of England, is the most effective situation, and affords a grand opportunity for Madam Janauschek to display her wonderful powers. Her acting in the scene where Elizabeth as a bastard, and declares herself the Queen of England, is thrillingly grand. The closing scenes were managed by Janauschek with the care one expects at her hands. She seemed to be suffering with a severe cold last evening, causing her to labor harder than usual to produce the effect that would otherwise have been easy and natural. Her support is not as good as she should have, but taking the stock as a whole they are far above the average. It was a real treat, after we have had so much amusement lately of a light character, to have the pleasure of witnessing such a genuine dramatic event. The company left this morning for Carson.

Lucky Baldwin's Fast Horses on the Way East.

A car-load of running horses owned by E. J. Baldwin went east this morning by the overland express in charge of A. J. Stemler. Among them were the well-known flyers Augusta E, Joe Howell, Fred Collier, Jim Douglass, Lucky B and Gano. They will stop at Salt Lake and take part in the June races there.

TAILORING

ESTABLISHMENT.

MY REPUTATION AS A TAILOR

is already established. "The Boss Tailor" lives in all country towns. They advertise shop-worn auction goods; they dispose of cloths not saleable in the larger cities, and are continually trying to mislead their patrons by false representations. Reno is no exception to the rule. She has a "Boss Tailor," but look at a suit made by the Virginia street "Boss" and you will immediately see the point.

MY STOCK

is carefully selected. It is of the very best of Foreign and Domestic Manufacture and I am prepared to make suits of the latest style, cut from the finest goods, at prices never before equalled. My work speaks for itself. I guarantee a fit in every case. Call and examine my samples and prices. Leave your measure and be happy. Don't be misled by the "Boss." You will always regret it if you do. Before giving your order call at my shop and see for yourself.
